WHAT IS ART?

Art, in a broad sense, is a form of communication. It means whatever the artist intends it to mean, and this meaning is shaped by the materials, techniques, and forms it uses, and the ideas and feelings it creates in its viewers.

Art is an act of expressing feelings, thoughts and observations.

Art is also an expression of emotions, intuitions, and desires, but it is even more personal than that: it's about sharing the way we experience the world.

Or is this your way to hide a broken heart?
